## PROFILE

Motivated B.Tech IT undergraduate with hands on full-stack development experience across React, Flask, Angular, and SQL including a production grade internship at Chennai Metro Rail Limited. Comfortable building responsive frontends with React and connecting them to backend services. Eager to grow in a Shopify App engineering environment, deepen DSA skills, and ship reliable, well structured code under experienced mentorship.

## EDUCATION

### B.Tech, Information Technology

Loyola ICAM College of Engineering and Technology, Chennai

### HSC – Computer Science with Mathematics

Vidyodaya Girls Matric Higher Secondary School

## TECHNICAL SKILLS

### Languages

Java, HTML, CSS, Python

### Frontend

React.js, Angular

### Backend

Flask, Spring Boot, Node.js/Express

### Databases

MySQL, SQL Server

### Tools

Git, Postman, Jenkins, Azure

## EXPERIENCE

### Software Developer Intern | Chennai Metro Rail Limited

Jun 2025 – Jul 2025

- Built a Competency Certificate Generator System using Angular, .NET Core, and SQL Server, delivered as a production-ready enterprise application.
- Collaborated with stakeholders to translate requirements into well-structured features, gaining experience in full SDLC from design through deployment.

## PROJECTS

### Portfolio Website | Personal Project

- Built a personal portfolio using React.js with component-based architecture, React Hooks and responsive CSS layout using Flexbox/Grid.
- Deployed as a live public-facing site; source available on GitHub. ([click here to view](#))

## CERTIFICATIONS

- Demystifying Networking – NPTEL (Jul–Aug 2025)
- Fundamentals of Statistics and Visualization in Python – Infosys Springboard
- SQL – Basics (Standard) – SkillRack (Aug 2024)
